BEST SELLER ENERGY EFFICIENT

44" DAIRY FAN

Available in single phase and three phase

Model	Single phase	Three phase
Frame diameter	44 inch	44 inch
Blade diameter	42 inch	42 inch
Motor power	0.55 kW	0.55 kW
Horse power	0.75 HP	0.75 HP
Motor speed	900 RPM	900 RPM
Air throw	50 ft	50 ft
Voltage	220 Volt	380 Volt
Current	3 Ampere	1.5 Ampere
Airflow capacity	18,000 CFM	18,000 CFM
Blade material	Fibre nylon	Fibre nylon
Frame material	14 gauge	14 gauge

KEY FEATURES

- **High CFM airflow**
  Cooling reaches every corner of the space.
- **Energy efficient**
  Heavy-duty performance at low electricity cost.
- **Durable and long lasting**
  Built for harsh, humid farm conditions.

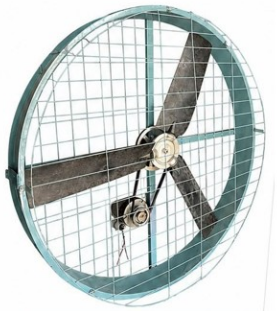
IDEAL FOR

- Dairy farms
- Livestock sheds
- Cattle farms
- Ventilation and cooling systems

HIGH VOLUME | LONGEST THROW

58" DAIRY FAN

Available in single phase and three phase



Single phase

Three phase

Model	Single phase	Three phase
Frame diameter	58 inch	58 inch
Blade diameter	56 inch	56 inch
Motor power	1.1 kW	1.1 kW
Horse power	1.5 HP	1.5 HP
Motor speed	750 RPM	900 RPM
Air throw	70 ft	80 ft
Voltage	220 Volt	380 Volt
Current	4.5 Ampere	3 Ampere
Airflow capacity	44,500 CFM	42,000 CFM
Blade material	Fibre nylon	Fibre nylon
Frame material	14 gauge	14 gauge

KEY FEATURES

- **High CFM airflow**
  Cooling reaches every corner of the space.
- **Energy efficient**
  Heavy-duty performance at low electricity cost.
